about the artist

Mechanical pencil always is my favourite medium. Currently studying in Nanyang Academy of Fine Arts, as a Year 1 Foundation Student.

The artist was born on the 4th July in the year 1986. His passion for art began late in life, even though he displayed a general fondness for doodling during class in primary to secondary education. He entered Lasalle after his O Level examinations, and found his skill to be poor and lacking. During his half year stay in Lasalle, his lecturers would constantly remind him of this, and so would his very accomplished classmates. He left the school in 2004 and entered National Service, and at the same time retreating from friends and relatives to indulge in secret training. His art improved by leaps and bounds, and finally after exit from army in 2006 he enrolled himself into NAFA, where he displayed his secret techniques developed from harsh self training. Able to sharpen pencils with a penknife, and erase drawing mistakes with kneadable erasers, no one will ever look down upon him again!
