Celebrating the North East District Arts Festival

North East District Arts Festival is a month-long celebration of Art and Life complete with numerous activities lined up for all! Riding on the residents' growing interest and appreciation of art programmes, the North East Community Development Council (NECDC) hopes to establish an interactive platform for residents to enjoy the enriching and therapeutic effects of art while connecting with local artists from all walks of life. So step out now and get involved!

The Singapore Arts Street

The Singapore Arts Street brings beauty and fun to the heartland this year! Co-organised by North East CDC, more than 300 talented local artists and art enthusiasts will showcase their best in Hougang. The perfect place for all to share about art, the Singapore Arts Street welcomes you every Sat and Sun from 21st to 29th June. Admission is absolutely FREE!

CENTRAL PITCH

Busk, Vocal, Music & Dance Performances

There is definitely something for everyone at the Singapore Arts Street this year. With its array of activities, performances and showcases, you are bound to find something for yourself!

Adding another dimension to the event this year, the Singapore Arts Street welcomes performances by **Echo Music School** and budding local bands like **Kae & Ayu**, a two-girl band, and **Rush**, a NAFA student who discovered her true calling in belting pop tunes.

Art is not exclusive and talent definitely transcends all ages as performers get younger this year too! Come watch 11 year-old **Priscilla Choo** transform herself into a charming Indian dancer and be inspired by the multi-talented children from **Kids Performing** as they put up an endearing show for you!

You can never be too sure what you can expect at the Singapore Arts Street. Is it a realistic sculpture or is it live statue **Ron**? Having been in the entertainment industry for 3 years, **Ron Weng** has pretty much perfected the art of, well... looking surreal! You will not want to miss him and inevitably, the curious sight of puzzled passersby.

Along with the new, are Arts Street favourites like **Alan Extreme** who joins us for the third consecutive year to share his many talents like juggling and magic! Others include the smooth **Jolyon Caplin**, who blows crowds away with his clarinet and saxophone ballads, **Tribalbeatz**, the cross cultural percussion group who literally pumps up the atmosphere with their infectious sense of rhythm, and everyone's favourite clown, **Chandra** the balloon sculptor!

Buskers perform on the streets for a living, please show them your support by giving. Thank you!

THE ART WALL

60 meter of Visual Art Exhibition

One can never miss the main attraction of the event: The Art Wall, a 60m vision that truly captures the soul of the Singapore Arts Street. A wall that knows no boundaries, it features a diverse collection of paintings and drawings from both new and acclaimed artists, including our youngest artist who is only 4 years old! Look out for your personal favourites as some can also be purchased!

This year's hall of fame includes Singapore's very own **Chng Seok Tin**. An unfortunate accident that left her 90% blind in 1988 did little to impede her as an artist. Fast forward 20 years and Chng has inspired many as a renowned professional printmaker. Moved by nature, her works speak of her distinct connection with the environment despite her disability.

Another nature-lover featured is **Irene Hong**, a professional painter and ink-painting lecturer at the Nanyang Academy of Fine Arts. Well-known for her ability to combine elements of nature and the spiritual in her graceful strokes, Hong's skillful use of water-colour, ink, oil and mixed media expresses her belief in the transcendental nature of art.

Self-taught at the age of 13, **Low Tho Seng** is unspeakably a highlight of the exhibition. Commissioned to paint portraits for many local political figures including then deputy Prime Minister Goh Chok Tong, Low has an impressive resume of collectors including UOB Bank Group, National Museum Art Gallery, and SIA Japan. A master of water colour painting, Low also paints oil, acrylic, pastel and other mediums.

PILLARS OF ART NEW FEATURE!

Environmental Art Exhibition

What's more? Spot a stylish rendition of Piet Mondrian by **Ngee Ann Secondary School** students and their art installation "Bumi Tercinta: My Bottle Tree" where they address environmental issues through their own "message in a bottle."

GRAFFITI XPRESSION

Live Demonstration, Guiding Session & Hands-on

What used to be largely frowned upon as vandalism is increasingly admired for its often artistic theme and intricate technique. It refers to images that are painted, scratched or scrawled on walls. Be it political or social, Graffiti art usually conveys the artists' dissatisfaction with a situation. Today, we see almost as much graffiti art on the streets as at exhibitions, galleries, and museums.

Witness how **Khairul** and **Newa** do it on the 21st and 28th of June at the Singapore Arts Street while they paint live and guide you while you try!

Street Painting Contest

Contestants are to register at our organiser booth by 22 Jun (Sun), 1.30pm. Contest will start at 3.30pm. Painting materials will be provided. Please bring along extra clothing. Top 5 stand to win a **Creative Zen Stone Plus MP3 Player** each! Limited to 58 participants.

ITALIAN STREET PAINTING

Impromptu Live Demonstration & Hands-on

A jaw dropping experience for some, Italian Street Painting is one of the main highlights of the Singapore Arts Street. A new way to walk the talk, Italian Street Painters pave their thoughts and designs on the very ground you walk on. Watch them paint live and even get a chance to try it yourself at the Singapore Arts Street as the skilled artists join us again this year!

STICK-AN-ART NEW FEATURE!

Hands-on for Children

Can't get enough of polka dots? Inspire your kids to dote the dots! Learn how to "Stick-an-Art" with colourful dots that teaches your kids all about colours and pointillism, the art of painting with dots!

All details were correct at the time of printing. If there are any changes to the schedule due to circumstances beyond our control, we sincerely apologise for any inconvenience caused.

HANDS-ON-ART

Art Demonstration & Workshops

What is the fun in art if you are not involved? Get your hands "dirty" in the numerous activities planned for you and your little ones this year.

Just when you think you need at least a paintbrush to make art, the Art Club teachers at **Coral Primary School** will teach your child how to create beautiful art pieces with their bare hands. This colourful session encourages children to be creative while they explore the versatility of hand and finger printing.

Older children who are into more complex art may be interested in learning about the unconventional Papyrus Kraft or the intricate Mosaic art. Papyrus Kraft is a new form of painting that gives an art piece a 3-dimensional effect by incorporating sculpting techniques. The Mosaic workshop, on the other hand, teaches you how to create images with different materials.

How about yourself? You can learn how to create and transform pompoms into fluffy friends with your child when you attend the workshop by Betsy, who is the creative owner of **Knotty Bicsie Art & Crafting Studio**. Through workshops by **My Crafty Idea**, you can also learn how to make practical gifts like a photo frame card, a collapsible book or a photo album, ideal for friends to keep their precious moments.

The buzz doesn't stop here! The Singapore Arts Street also has a slew of other creative workshops including polymer clay sculpting, glass and porcelain painting by **Creative Hands**. Be sure to bring your little artists down!
